CAREER OBJECTIVE

To obtain an entry-level position in the IT industry where I can utilize my technical, frontend, and problem-solving skills to build efficient web applications and contribute to organizational growth.

EDUCATION

Vikrant Institute of Technology and Management **2023 – 2027**
Bachelor of Technology in Computer Science and Engineering (CGPA: 7.44) **Indore, Madhya Pradesh**

TECHNICAL SKILLS

Languages: Python, JavaScript, HTML5, CSS3
Library: React
Web & AI Integration: Responsive Web Design, Component Architecture, OpenAI APIs
Developer Tools: Git, GitHub, VS Code, Database Connectivity

EXPERIENCE

Frontend Development Intern — YuvaIntern **2025**

- Developed dynamic frontend web interfaces using HTML5, CSS3, and modern JavaScript.
- Engineered fully responsive user interfaces optimized across desktop, tablet, and mobile platforms.
- Improved overall end-user experience by designing intuitive component structures and interactive page elements.

PROJECTS

Smart Campus Assistant — *Python, OpenAI API, Database Connectivity*

- Architected an AI-driven smart assistant to streamline campus inquiry resolutions and student support workflows.
- Integrated OpenAI technologies to process natural language queries and provide instant, accurate responses.
- Built an interactive frontend interface with secure backend database connectivity for robust data storage and retrieval.

Women Safety Web Application — *HTML, CSS, JavaScript, Web APIs*

- Developed a high-impact responsive frontend application providing emergency contact assistance and safety tools.
- Designed dedicated modules for instantaneous SOS alerts, live geolocation mapping, and safety educational content.
- Implemented modular component-based architecture and managed complex user routing for seamless app navigation.

ACHIEVEMENTS & CERTIFICATIONS

- **Hackathon Finalist:** Recognized as a Finalist in the National-Level INNOVIK Hackathon 5.0 (organized by Vikrant Institute of Technology and Management) for building the *Chikitsa AI* medical solution.
- **Python Training Certification:** Completed an intensive One-Month Python Training Program covering algorithmic logic.
- **CSS Certification:** Earned CSS Achievement Certification from Mind Luster platform.

EXTRACURRICULAR ACTIVITIES

- Served as an active Volunteer for the International Hackathon hosted at Vikrant Institute of Technology and Management, coordinating event management and participant support.
- Actively participated in college technical symposia, coding competitions, and workshops on emerging AI technologies.
- Explored modern software development tools, LLM workflows, and UI/UX design best practices through self-driven projects.
